

HOW TO TRAIN YOUR CHILDREN, NOT JUST *DISCIPLINE* THEM

2010 BY RENÉE ELLISON

There is almost no subject more important than learning how to train your children. No significant educational effort is possible apart from an established habit of obedience. The matter of turning out respectful individuals who are devoid of ungodly rebellion is more important than covering oceans of academics. In this workshop, Renée presents practical, loving, nurturing discipline strategies that *work*. No ho-hum theory here . . . just teacher-proven, time-tested techniques used with hundreds of children with happy results.
