Home School Transcript – Supplemental

A. Description of Grading System

The scale is used for nine weeks, semester and yearly averages. Determination of the grade is based on the overall percentage, and the semester grade (if applicable.)

Percentage	Letter	Description	Grade Point
92-100	A	Superior	4
83-91	B	Above Average	3
74-82	C	Average	2
64-73	D	Below Average	1
Below	F	Failing	0
	S	Satisfactory	Not Included
	U	Unsatisfactory	Not Included

(These grading procedures duplicate those used at Robertson High School, Las Vegas, NM with the following exception. The student was required to retake tests scored below 80%. The failing grade was not replaced by the repeated grade, but was included in the average.)

B. Methods of Computing G.P.A.

The final letter grade is converted to grade point on the 4-point scale and averaged.

The annual G.P.A.s are averaged for cumulative G.P.A.

C. Curricula Information

Several curriculum options were integrated into the course of study, including but not limited to:

Saxon Publishers. Inc.
Norman, OK
(Algebra I, II, Advanced Math, Calculus)
